

Artist of the Week

Sharon D from Lincoln Park, Michigan. Sharon has a truly unique Beaded Art Project. Made entirely out of beads this is her Kaleidocycle. Looking similar to a coin purse this piece by folding inward or outward has 4 patterns. Each segmented section is made out of Delica beads and thread. Sharon has been beading for approximately 20 years and this project took her about 30-35 hours to complete. Just an awesome piece of Beading Art.
